

TWIN WELDING HOSE T-GRADE 20 BAR

Code	Nominal inch	I.D (mm)	O.D (mm)	Pressure (bar)		Weight (Kg/m)	Length (m)
				Working	Burst		
RTWT-005	3/16"	5.0	12.0	20	60	0.155	100
	3/16"	5.0	12.0	20	60	0.153	100
RTWT-006	1/4"	6.4	13.0	20	60	0.167	100
	1/4"	6.4	13.0	20	60	0.165	100
RTWT-008	5/16"	8.0	15.0	20	60	0.211	100
	5/16"	8.0	15.0	20	60	0.209	100
RTWT-010	3/8"	9.5	17.0	20	60	0.263	100
	3/8"	9.5	17.0	20	60	0.259	100

APPLICATION

High performance twin extruded softwall hose used for the transfer of oxygen and acetylene gas for welding and gas cutting applications.

CONSTRUCTION

Tube: Black color of CR compound. High impermeability and flame resistant.

Cover: Blue/Green/Red color of CR compound. Flame, abrasion and weather resistance.

Reinforcement: High tensile synthetic yarn.

Temperature: -20°C to +80°C

Safety Factor: 3:1
